PROGRAM: Janine Vanderburg - Ending Ageism Together

Greg introduced Janine Vanderburg, who he said he had first heard on KVNf speaking on the issue of ageism.

Ms. Vanderburg presented an interesting overview of ageism - what it is and why we should care about it. It is defined as prejudice, stereotyping and discrimination based on age. It can be directed against either an older person or a younger person and commonly shows up in areas such as employment, health care, law enforcement, public policy and even greeting cards.
