#### **PROGRAM: Allen Golden - Technical College of the Rockies**

Sarah introduced Allen Golden, director of the Technical College of the Rockies. Mr. Golden stated that participants at the college are committed to completion of their chosen program and benefit from the opportunity of becoming employed with their learned skill. License requirements can also be fulfilled if required for their particular trade. Graduates are able to either enter the work force or continue on to a higher level of education. Technical education fills the gap for service providers needing skilled workers to fulfill their obligations effectively.
